

Hello! I'm
MARIA (She/They)

I'll be your RA for the
2025-2026 school
year!

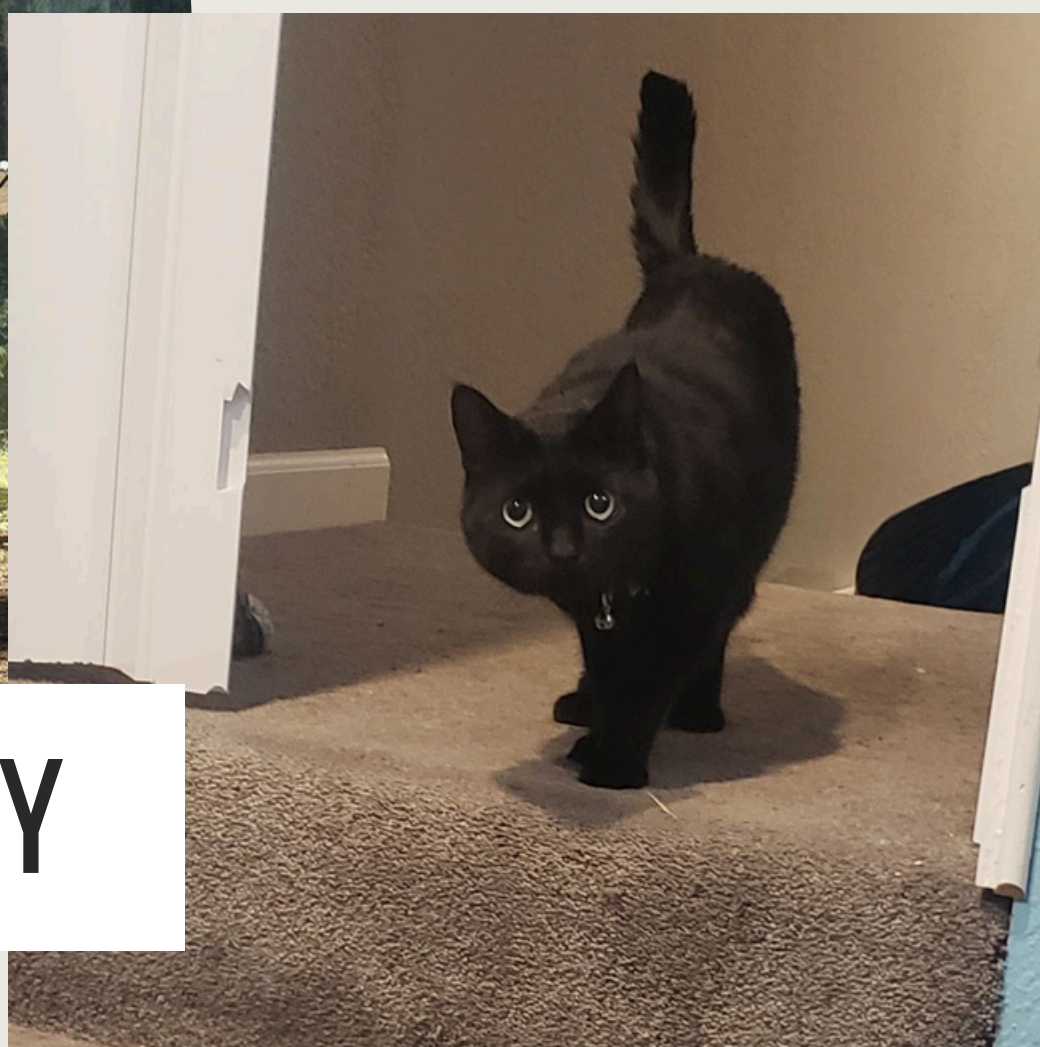

I'm excited to meet you!

ABOUT ME

I am a senior majoring in neuroscience! This is my second year as an RA and my third year working for Facilities Services. I'm originally from Merrill, Wisconsin. I enjoy playing video games, listening to music, and drawing. Back home, I have a cat named Kloey, and a black lab named Piper.

MY HOBBY

MY CAT

My best advice is to take care of yourself. College can be incredibly difficult, and you can often feel overwhelmed by assignments and classes. The campus looks beautiful during the fall and spring. I recommend taking walks when you need a break.
